

Here is the line-up of the team which tells you the whole story every day in the year: Dougher, Morse, Thomas, Veiock, Hutchison, Babe Ruth, "Skillet" Finn, Damon Runyon, and Al Munro Elias.

# GIBRALTARS CHAMPIONS, COMMITTEE TO END ALL SANDLOT ROWS TONIGHT

By R. D. THOMAS.

With the barest possibility of a doubt, the Gibraltar Athletic Club, of northeast, is the champion independent sandlot team of Washington for the season of 1921.

A decisive victory over the Winstons yesterday clinched honors for the Gibraltrars in the unlimited class of the city independent series, although they have one more game to play, today with the Shamrocks on the Union Station plaza field.

Whatever doubt may exist as to the Gibraltrars' title would be removed if they won today, or if they lost when the series executive committee takes action tonight to settle several arguments.

**Settle Disputes Tonight.**  
One of these disputes hinges on a game the Gibraltrars won from the Shamrocks several days ago. Umpire Tommy Crooks forfeited to the Gibraltrars because of difficulty over the handling of a crowd on Randle field.

The executive committee tonight probably will rule out Crooks' decision on the forfeit and declare the game to have been called in the fifth inning, at which time the Gibraltrars were leading. There is a possibility of small possibility the teams will be ordered to meet again in any way, shape or form.

Another dispute concerns the calling of Saturday's game between the Shamrocks and Winstons before darkness. The Shamrocks won 2 to 1, but according to many authoritative witnesses, the contest could have been continued.

**Jett Hits 'Em Hard.**  
Today's game is the last in the inter-sectional play-off series of the unlimited class. Here's how the teams stand now:

	W.	L.	Pct.
Gibraltrars.....	3	0	1.000
Shamrocks.....	1	2	.667
Winstons.....	1	3	.250

Roamer A. C., another northeast team, won the opening game of the junior inter-sectional series from the Astors yesterday, 7 to 6, and the Linworth evened up with the Warwicks in the midget title series by winning, 5 to 4.

Shark Beamer went along on the mound in fine shape for the Gibraltrars, while his teammates hammered two Winston pitchers, Calhoun and Houch for a total of eighteen hits. Jett got four of these in five innings at bat, three of 'em triples and one a homer.

It was probably the fiercest slugging seen in any sandlot game this year.

**Schroth Delivers.**  
With their star pitcher, Brayton, having hurled two games in a row Friday and Saturday, the Roamers entered the contest with the Astors and a little fearfully with Schroth on the rubber. Schroth upheld his end in a creditable manner for eight innings, allowing three hits. Brayton pitched the ninth, showing plenty of punch, the Roamers in the end, three on one behind and shoved the two tallies needed to win.

The Linworths also came from behind. The score was 4 to 2 against them when the ninth was started and three tallies were put over by virtue of good baseball.

The midget and junior games were played at Washington barracks. It is estimated that three thousand fans saw the midget contest and when the junior game was started the crowd had grown to about five thousand.

## FLYING CADETS' LOOMING UP AS WINNING SQUAD

Forwards Heavily and Back-field Lighter Than Last Year's Great Team.

LEXINGTON, Va., Sept. 12.—The original squad of thirty men which reported for practice for the Virginia Military Institute team on September 1 is fast rounding into form. Since that time there have been enough additions to bring the number of candidates well over 100, and when the squad-takes on the twenty-five more who are expected to arrive in the old cadets, it will be a hot job for the seven coaches to keep them all busy.

From present prospects, the line this season will be heavier than ever before. Impossible it may seem to those who witnessed the spectacular work of last year's team, there is even now a wealth of material that can be used to fill the places of the old-timers who severed their connection with the institute when they graduated last June.

The most outstanding competitors for the end positions are Drewry, Riebel, Clark and Carlton, all representing last season's squad; Steele, of Birmingham; Clark, of Ohio, and Briggs, of Richmond, from the influx of new men.

At the tackles the old reliables, Summers, captain and All-South Atlantic tackle of 1920, and Hunt, both towering veterans of the last two seasons; but from present indications even these two will meet with stiff competition as the season goes forward.

Although both guard positions are being closely pushed by Barbour, Booth, Huff and others, one of these places will, in all probability, be held down by Harrison, another of last year's veterans.

This week's developments indicate that the backfield will be lighter than usual. Moreover, there remain only two letter men—Venable and Bunting; the potential quarterbacks who are showing up remarkably well are Atwell, of Houston, Tex.; Faulkner, of Lynchburg, Va., and Moore, of Portsmouth, Va. Bunting, as always, is the favorite for one of the halves, while the chances for the others seem to be about equally divided among Shannon, Costello, Ryder, Saunders, P. Hunt and Watkins. At fullback the best bets are Venable; Pack, of A. M. A.; Filippo, of Roanoke, and Winchester, of Galveston.

Managers of the Shamrocks, Winstons and Gibraltrars are requested to attend the meeting of the executive committee tonight at 8 o'clock in the Times sports department.

The Linworths and Warwicks each have won a game and Friday's game will decide the city midget championship.

Managers of the Shamrocks, Winstons and Gibraltrars are requested to attend the meeting of the executive committee tonight at 8 o'clock in the Times sports department.

## He's So Bashful!

By McGurk

## St. Louis Cardinals At Home For Rest Of Year

The St. Louis Cardinals will inaugurate their final home stand of the season tomorrow when they tackle the Brooklynns in the first of a three-game series. The Mound City fans are anxiously waiting for Branch Rickey's sluggers to make their appearance at home, and it is expected they will draw bigger crowds during the last few weeks of the race than they have at any time this season.

On Tuesday they will be in St. Louis for the remainder of the season, and their last games will be against the Pirates.

That series will probably draw record-breaking crowds to Sportsmen's Park.

## THREE COLLEGE TEAMS LOOKING FOR MORE LADS

Maryland, Delaware and George Washington Expect New Candidates This Week.

Maryland, Delaware and George Washington football candidates go right back at it at College Park, Md., today after a Sunday lay-off.

The Marylanders expect about fifteen additional candidates for today's workout. Delaware is looking for six regulars from last year's squad while the Hatchettes are expecting five or six additions to their small squad.

By the middle or end of the week the three squads will be recruited to full strength. Delaware is making special preparation for the game which will be played at Franklin Field, Philadelphia, with the University of Pennsylvania on Saturday September 24.

Coches Derby, realizing he has little time, is driving his candidates at a merry clip. The Delaware lads are putting in two sessions each day. Maryland and George Washington will hike along at a speedier clip from now on.

## SANDLOT TEAMS IN TITLE SERIES TO GET SIX CUPS

Section Champions to Parade at American League Park Before Presentations.

By R. D. THOMAS.

Six trophies will be awarded teams in the city independent sandlot series. Added to the three large cups to be presented by The Washington Times, one each to the champions of the various classes, are three others to be given by Clark Griffith, president of the Griffins, and one by the District Umpire's Association. Jack Haas, chairman of the series will receive a solid gold miniature baseball from R. Harris and Company.

Griffith's cups will be awarded the runner-up in the unlimited and junior classes and the umpires' cup will go to the runner-up in the midget cup. The Old Fox will make the presentations at American League Park Friday when a big time is planned for the sandlotters.

All the teams engaged in the inter-sectional series, including the Gibraltrars, Shamrocks and Winstons of the unlimited class; the Roamers and Astors, of the Junior and the Linworths and Warwicks, of the midget, will parade around the diamond before the trophies are presented. A band will be there to pep it up. The parade will take place before the game between the Griffins and the Indians.

Final games in the junior and midget classes will be played at American League park Thursday. Chairman Haas secured the use of the park from President Griffith. The Roamers meet the Astors tomorrow on the Rosedale field, and should they win this contest the game scheduled for Friday would not have to be played.

The Linworths and Warwicks each have won a game and Friday's game will decide the city midget championship.

Managers of the Shamrocks, Winstons and Gibraltrars are requested to attend the meeting of the executive committee tonight at 8 o'clock in the Times sports department.

## CARPENTIER MAY BATTLE GIBBONS ACROSS OCEAN

London or Paris May See French Champion Defend Title Against American.

It is possible that Georges Carpentier, the French boxing champion, will take heed of what some of his American friends have advised him and take part in no more ring battles in America. Some Eastern sportsmen have pointed out to the popular Frenchman that to lose in a ring battle here after his great display with Jack Dempsey at Jersey City last July would be to lose much of the high esteem in which he is now held; that he is looked on as more than an ordinary boxer, and for that reason owes it to his friends here and his native France to retire while he is still the idol of the people.

A letter to a prominent English sportsman in London from a friend in Paris is authority for the statement that Carpentier's manager, Francois Descamps, confirms the report that Georges will have but two more fights, one in London before Maj. A. J. Wilson's club, and the other in Paris with Tommy Gibbons.

The letter in part says: "The match in London will be under Maj. Wilson's direction and may be with Joe Beckett, George Cook, of Australia, or Boyo McCormick, and will be Carpentier's farewell to England as a boxer, if not his final leave-taking. As to the match in Paris, it may be interesting, to know that possibly Tex Rickard, who promoted the Jersey affair, will have something to do with promoting the big event in the French capital, if it is held there."

It was announced some time ago that before sailing for home Carpentier had signed articles with Rickard for a match for the light heavyweight championship, to be held in Jersey on Labor Day.

Then followed the news that the injury to the Frenchman's hand would necessitate a postponement till November.

A still later cable said that match would not be held until January, 1922. In New York the opinion prevails that the match between Georges and Tommy will not materialize, at least not in America, and that may account for the Paris-London letter.

Gibbons would be glad to get the match, whether in France or the States, and no doubt Rickard would not be averse to trying his hand at the promoting game in Paris.

Hugh McIntosh, of Australia, staged several big boxing matches in Paris before the world war and made a success of it, so why not Rickard at a time when the interest in the game is so much greater?

At any rate, it looks as though Georges will not engage in more than two more matches, if that many.

**Twenty-five Report.**  
Twenty-five Mohawk A. C. candidates reported to Coach Paul Cahill for their initial workout yesterday.

**Spartans Land.**  
Spartan A. C. defeated the Aurora A. C. 4 to 3, yesterday.

**St. Cyprians Win.**  
The St. Cyprian A. C. swamped the Washington Giants at Union League Park yesterday, 23 to 7.

**Bentley Can Twirl.**  
Jack Bentley is the Baltimore first-sacker, but he can also twirl a capably. He has won ten out of eleven games this year.

**Has Five Shutouts.**  
Johnny Ogden, of the Baltimore Orioles, has won five shutout victories this year, giving him the leadership in the International League.

**Forty Players Hustle.**  
HAMILTON, N. Y., Sept. 12.—Some forty candidates have reported for football at Colgate, and before this week passes eighty will probably be in uniform.

## CHAMP LIKELY TO WAIT LONG BEFORE BOXING

Unless something unforeseen develops in the meantime, it is not probable that Champion Jack Dempsey will get into another big title match until next year some time—probably around July 4. Jack may take on a few minor events, which might be termed exhibitions, just to keep his hand in, but there is little prospect at this time of a real title encounter before the halfway mark of 1922.

Who his opponent at that time will be is not definitely known now, but the energy that Jess Willard has put into his preparatory training these days would indicate that the champion is getting ready for another try at the crown.

The New York commission has practically barred Willard, on account of his age, but there are other places to hold the match, especially Jersey, where Tex Rickard has his big arena waiting for just such an event.

Dempsey and his manager, Jack Kearns, have been doing much better with the moving pictures of the big fight than expected, and it is just possible that "Daredevil Jack" will hook up with another movie concern for a serial to be run later. This time Jack will see that he is taken care of in a financial way right off the reel, and there are several of the film companies ready to do business with him on a liberal scale.

The champion also had a splendid offer to visit Europe and take in some soft money at the London and Paris music halls, but after considering everything Jack decided that he would remain in the States for a while longer. "It is very likely that he will take a 'flyin' trip to Europe next spring and do the music halls at that time."

Should Rickard and company succeed in putting on the Dempsey-Carpentier pictures of the big fight in the various States of the Union it will mean a fortune for all of them, and it looks as though they might succeed.

Frederick Fulton, Minnesota plasterer and boxer, has been chasing after a match with the champion, but Jack says there is nothing doing for "Big Fred" unless it should be a personal encounter and in private.

Jack does not forget the time that Fulton gave out the story in the Far West about his battle with Dempsey at Harrison, N. J., being prearranged, and he says he never will give the Minnesota giant a chance to get any big money through him.

That is where Fulton made a glaring error, for just now he would be about the best card that could be dished up for a title match, with the proviso that he would not get the old heart trouble.

**Has Five Shutouts.**  
Johnny Ogden, of the Baltimore Orioles, has won five shutout victories this year, giving him the leadership in the International League.

**Bentley Can Twirl.**  
Jack Bentley is the Baltimore first-sacker, but he can also twirl a capably. He has won ten out of eleven games this year.

**St. Cyprians Win.**  
The St. Cyprian A. C. swamped the Washington Giants at Union League Park yesterday, 23 to 7.

**Forty Players Hustle.**  
HAMILTON, N. Y., Sept. 12.—Some forty candidates have reported for football at Colgate, and before this week passes eighty will probably be in uniform.

Head Coach Ellery Huntington, Jr. has fifteen letter men from the 1920 varsity around which to build a team. Of these, "Bob" Webster, the captain, so well known and respected for his ability in open field running, is the outstanding star. Both Colgate mentors and students have great confidence in his ability to lead the team and are counting on him to present a great performance this fall.

Captain Wooster, the great tackle of last year, was lost through graduation, as were also Woolsey and Hansen, ends, and Drown and Brewer, tackles. Andrews, a good fullback, and Kraus, a tackle were dropped from college due to studies, while Harris, O'Connor, Naylor and Swenter left for other reasons.

Besides Webster, the shifty half-back, Traynor, the big center, is to be counted in. Vose and Welch, two excellent guards; Mosier, the lengthy tackle; Beardsley, J. Leonard, and Child, ends; Sanford at quarter, and Mason, Burks, Townsend, Allen, Herman and Suchy, backs, are the other regulars from whom the Maroon coaches expect much.

## ONLY TWO SURE OF PLAYING ON YALE'S ELEVEN

Captain Aldrich and Eli Cutler Are Figured Certain of Regular Berths.

NEW HAVEN, Conn., Sept. 12.—Yale's smallest football squad in recent years has been marshalled and the material does not contain a star of first rank. No player who won rating on an All-American team is contained in the squad. The most valuable veterans are Captain Malcolm Aldrich, halfback; Eli Cutler, end, and Albert Into, guard and tackle.

Aldrich is of slender physique and for two years has been out of the play a large part of the time because of injuries. Cutler was a regular last year.

Into, who came to Yale from Maryland University, possesses great possibilities, but was out of condition and below his best playing for most of last year. Indications are that he will be moved out to tackle.

The coaches have not made up their minds regarding the lineup in the opening game, but the team will take the gridiron in practically the following order: Ends, Cutler and Lincoln or Blair; tackles, Into, Mackay and Storrs; guards, Cross, Quille and Guernsey; center, Norris and Bray; halfbacks, O'Hearn and Kelley; fullbacks, Captain Aldrich, Sturm and Mallory; fullback, Jordan or Wight.

**Red Pitchers Too Much.**  
Charley Hollocher of the Cubs was defeated by the Red Sox after a batting streak that ran for twenty consecutive games in which he piled out thirty-seven hits in eighty-four tries at the bat for a percentage of .440 and scored fourteen runs.

**Druggists Win.**  
The Peoples Drug club yesterday defeated the Old Dutch Market nine in an interesting game, 3 to 1. Pitching honors were equally divided between Roche, of the Peoples Drug team, and Messinks, of the Old Dutch nine.

**Red Pitchers Too Much.**  
Charley Hollocher of the Cubs was defeated by the Red Sox after a batting streak that ran for twenty consecutive games in which he piled out thirty-seven hits in eighty-four tries at the bat for a percentage of .440 and scored fourteen runs.

## SCHOLASTIC GRID SQUADS START ACTIVITIES TODAY

By BRYAN MORSE.

Central High School gridiron candidates hopped right out in the stadium this morning under Coach C. A. Metzler and began preparation for another championship. The Central candidates were notified over the week-end and reported in sizeable numbers this morning for a short practice period. In the same way Eastern High School lads got going at the Capitol Hill institution, while Tech's candidates, thirty-six strong, took the trip to the Almas Automobile Club on West River, Chesapeake Bay. Western and Business are expected to report at the end of the week.

Central makes no bones about being up against a stiff proposition this fall. From the backfield Capt. Ed Buckley and Craig Wilson are left. Bill Little, J. Nettikoven and Ed Ditty will be on hand.

Jimmy Lemon, Frank Krupp, Henry Kling, Roscoe Conkling, M. Jones, Neilson Jones and Fred Banville are missing from last year's eleven. A number of candidates were worked up during the year who will be called upon immediately to fill the places of those who have graduated.

At 7 a. m. thirty-six Tech High lads piled in an automobile truck and started off on their West River jaunt. The Tech youngsters, with Coach W. M. Apple in charge, will return Saturday night.

The Tech lads expect to go right out and work for condition. They have contracted to clean up four acres of land and expect to do it in short order. In addition to working out their keep, they will get a little football fundamentals in on the side.

The youngsters who took the trip are MacCartee, Rheas, Meyer, Peter, Adams, R. MacCartee, McCormick, Wartars, Kilma, Dovenor, Hill, Blumer, Lewis, Shillinger, Beavens, Price, Heinrich, Hays, Harris, Walker, House, Mitchell, Halley, Teehan, Supple, Marshall, Perry, Wood, Gooch, Johnson, Pericks, Shanks, Smith, Quesada, Harwood, and Newell.

Following the report that Coach Charles Guyon would arrive on Saturday, the Eastern High School lads went over to their school today and with Harold E. Warner, faculty athletic adviser, in charge, got out the football togs and went to serious work.

Last year's exceptional showing on the gridiron, and in all branches of athletics for that matter, has put the Easterners in fine fettle for this season's activities.

The Easterners expect to get a first rate start before Guyon gets into town and will be ready for harder work by the end of the week. Western High candidates will probably report some time this week as will Business. Both Western and Business lose a number of sterling athletes this year and may be somewhat weaker than the other teams.

Star athletes from schools listed at G. W. Conard, Nichols, Banville, and Probably Jeffress Expect to Enter Downtown School.

Reggie Conard, Western High star all around athlete of the past two years; Arthur Nichols, high school record holder in the hurdles, of the same school; Goody Conard, star basketball and football player at Tech, and Fred Banville, of Central High, are among the high school athletes entering George Washington University this fall, according to reports.

Berkley Jeffress, another Western High star, is contemplating entering the downtown institution. Both Conard and Jeffress were mainstays of Western in football, baseball and basketball during the past three years.

Everett Burke, another Western High star, is slated for Columbia University. Jimmy Lemon, Central's baseball and basketball leader, is already at Princeton.

Montgomery County League fans are all set for Wednesday's big game between the Silver Spring nine and the Bethesda club. Silver Spring is topping the circuit with a game lead on Bethesda. Two games remain to be played by the Springers from postponed contests.

Bethesda jumped a notch nearer the top yesterday when it flamed Sorthorn, Stevens, and Knack, of Tennytown, for a total of thirty runs. The Tennytown lads got but four runs off Hudson.

Latest available records show Silver Springs with fourteen wins and six losses, Bethesda with fourteen wins and eight losses, Boyds with eleven wins and the same number of losses. Gaithersburg and Rockville have each won ten and lost twelve. Kensington has won five and lost seventeen.
